

# T&D ENGINEERING AND CONSULTING

At RMS Energy, we specialize in providing comprehensive power system consulting services to ensure reliability, efficiency, and sustainability in energy solutions. With a team of experienced professionals and cutting-edge technology, we deliver unparalleled expertise in power system planning, engineering, and strategic studies.

# OUR SERVICES

## ⚡ MODELING

- Steady State and Dynamic
- Protection and Controls
- Electromagnetic Transient (EMT)

## ⚡ TRANSMISSION SYSTEM PLANNING AND ANALYSIS

- Reliability and Resiliency Analysis
- Siting Analysis and Injection Analysis
- Stability Studies
- Economic Dispatch and Optimization
- Flexible AC Transmission Systems (FACTS)
- HVDC System

## ⚡ IBR READINESS SERVICES (RENEWABLES RESOURCES)

- Technology Assessment (e.g., Grid Forming Technology)
- Gap Analysis of Grid Codes
- IBR Impact on Protection System
- Grid Forming Technology

## ⚡ REGULATORY AND COMPLIANCE SUPPORT

- NERC Compliance (PRC/CIP)
- ISO/RTO Consulting

## ⚡ DISTRIBUTION SYSTEM PLANNING AND ANALYSIS

- Performance Planning and Operations
- Non-Wires Alternatives (NWA)
- Microgrid Design, Modeling, and Studies
- Electrification Planning and Analysis

## ⚡ GENERATION AND LOAD INTEGRATION

- Interconnection Studies and Applications
- Feasibility Studies
- System Impacts Studies
- Design/System Studies
- Compliance (PRC/MOD and Commissioning Services)
- Owner's Engineer Services

## ⚡ ADVISORY SERVICES

- LMP Analysis and Forecasting
- Market Analysis and Economic Studies
- Asset Management
- Grid Modernization
- Digital Transformation

## ⚡ PROTECTION, CONTROL, AND AUTOMATION

- Relay Settings Preparation
- Protection Scheme Design
- Protective Device Selection
- Substation Automation
- SCADA System Design
- Distributed Energy Resource Management Systems (DERMS)
- Wide-Area Protection Coordination Studies (WAPC)

## WHY CHOOSE RMS ENERGY?

EXPERTISE

CUSTOMER FOCUS

INNOVATION

RELIABILITY

SAFETY

Connect with us to learn more about how we can support your power system needs and help you achieve your energy goals.
